TRAINING AND CERTIFICATION

Full Stack Web Development

The Kiran Academy, Pune [🔗](#)

04/2024 - 12/2024

Cloud And DevOps Certification

EPAM [🔗](#)

01/2023 - 05/2023

Competitive Programming

Cipher Schools [🔗](#)

01/2022 - 03/2022

Data Structures and Algorithms

Geeks for Geeks [🔗](#)

04/2022 - 06/2022

PROJECTS

1. GradHive Application (06/2024 - Present)

- The GradHive Application is a SpringBoot REST API project designed to facilitate the management of campus job postings and student applications.
- It allows institutions to post job opportunities and enables students to apply for these jobs. The primary entities in the system are Students, Users, Job Postings, Job Application and Interviews.
- The application aims to streamline the hiring process, improve communication between students and employers, and maintain an organized database of job opportunities.
- Link- <https://github.com/Yashasava/Grad-Hive> [🔗](#)

2. TeamTrek Application (05/2024 - Present)

- A TeamTrek is a FullStack Application designed to manage employee-related tasks, including data management operations.
- Angular is providing a dynamic and responsive user interface and Spring Boot is ensuring robust API creation and seamless integration with databases for an application.
- Future enhancements are role-based access control (Admin and Employee roles) along with email notifications for workflow updates.
- Link- <https://github.com/Yashasava/TeamTrek> [🔗](#)

3. SocialHub (01/2024 - 04/2024)

- SocialHub is a full-stack social media platform designed in JavaScript to connect users and provide them with a seamless experience for sharing and interacting with posts.
- The application is built with a clear and modular structure to ensure scalability, maintainability, and ease of development.
- SocialHub aims to deliver a streamlined social media experience while maintaining a clean codebase that adheres to best practices in software development.

SKILLS

Programming Languages --> Java | C | C++ | HTML | CSS | JavaScript | SQL

Frameworks & Softwares --> Springboot | Hibernate | Angular | Bootstrap | mysql

Other Technical Concepts --> OOPs | DBMS

Developer Tools and OS --> GIT | Windows | MAC

APIs --> Postman | JDBC

EDUCATION

Bachelor of Technology (2023)

Lovely Professional University, Punjab (Percentage -- 75%)

Higher Secondary Education (2019)

Happy Days School, Shivpuri ,MP (Percentage -- 70%)

Matriculation (2017)

Happy Days School, Shivpuri ,MP (CGPA -- 9.4)

ACHIEVEMENTS AND EXPERIENCE

Trainee at The Kiran Academy

Learning new technologies like Spring Boot and Angular that simplifies the process of developing stand-alone, production-ready applications.

Gfg coding Streak

Solved 150+ coding problems on geek for geeks portal

EXTRA CURRICULAR

1. Attended Camps under National Service Scheme (A certified)

2. Volunteer in Zenith-Society for Socio-Legal Empowerment

3. Part of 'The Global & Leadership Foundation'

INTERESTS

Acting and organising street plays

Music

Travelling and Adventure

Writing

Painting
